

Zone 1 Garden

Poster 12

Intense production for things you use and care for every day.

Zone 1 might include:

- Zone 0 structures: House, kitchen, office, buildings, borehole, etc.
- Water conservation using drip irrigation and harvesting all water
- Energy conservation using fuel efficient stoves, solar cookers & dryers, etc.
- High maintenance annual plants and animals, scattered perennials
- Worm farm, compost, compost toilet and seed nurseries
- A hedgerow and / or fence if necessary for protection and privacy
